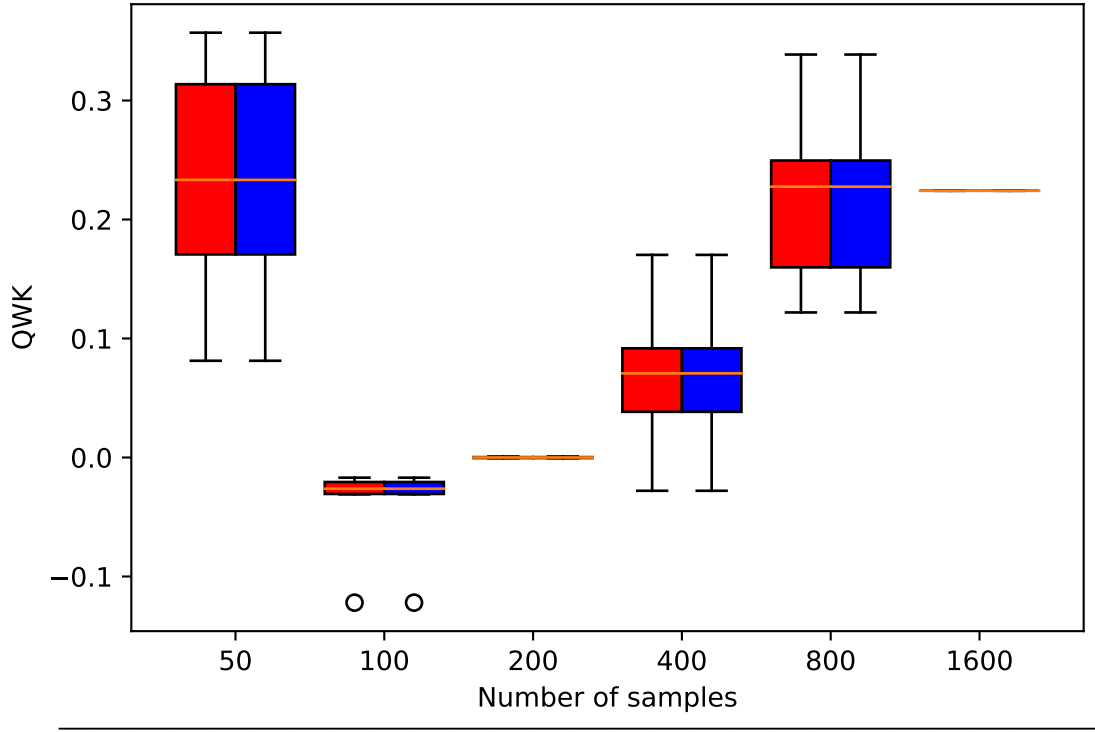
The QWK for score_1 when comparing two BERT models versus the QWK for score_1 between a different pair of BERT models.
The first pair was trained with samples created by human experts and text-davinci-003,
the second pair was trained with samples created by text-davinci-003 and human experts



Each box represents exactly 6 kappa values
experts_vs_davinci is represented by red
davinci_vs_experts is represented by blue
